LIBRARY INFORMATION BULLETIN

NO. 6, MARCH 1969 TO DECEMBER 1970

This series of Information Bulletins succeeds Accession Lists and the Subject Index to Periodical Articles which was formerly issued separately by the Library. The Bulletin is divided into two parts, book and periodical acquisitions and a subject index to periodical articles.

Although lack of staff has prevented the Library from publishing a bulletin for some time it is still felt that it can still be useful in indicating the coverage of the Bureau's Library to members of the staff and the public.
